By using:

Make It More Professional

Vague	Professional
I like helping people with stuff.	I help people solve problems by listening, organizing ideas, and turning them into action.
I like clothes.	I am interested in fashion and branding because I like how design, identity, and business work together.
I want to make money.	I am interested in entrepreneurship because I want to create products, manage money, and build opportunity.

Professional Sentence Checklist

[] Specific: it names a real interest, audience, or problem.

[] True: it sounds like me, not like a fake version of me.

[] Useful: someone could understand what I bring or what I am building.

[] Short enough: I can say it out loud in one breath.

My polished brand sentence:
